- ☐ **WARNING!** The warnings, cautions and instructions discussed in this instruction manual cannot cover all possible conditions and situations that may occur. It must be understood that common sense and caution are factors which cannot be built into this product, but must be applied by the operator.

2. INTRODUCTION

Five drawer mobile project station is perfect for use in any garage or workshop environment. All drawers are fitted with aluminium drawer pulls, non-slip liners and 45mm secure latch ball bearing slides. Perforated back panel is ideal for hanging frequently used tools so they are at hand when needed (compatible with our range of TTS Model No's). The back panel can also be folded down when not in use for easy storage. Cabinets also feature four storage bins at the back suitable for keeping small parts and fixings within easy reach and a 6mm protective EVA foam work surface. Fitted with a steel chrome plated handle and four Ø125mm HDR castor wheels, two locking and two fixed, which allow for smooth and quiet manoeuvrability around the work area. Supplied with two keys.
