1. SAFETY

1.1. GENERAL SAFETY

- WARNING!** Ensure Health & Safety, local authority, and general workshop practice regulations are adhered to when using these units.
- ✓ Locate the units in a suitable work area.
- ✓ Keep the work area clean, uncluttered and ensure there is adequate lighting.
- WARNING!** Use the Rollcab on level and solid ground, preferably concrete.
- ✓ Keep the units clean and tidy in accordance with good workshop practice.
- ✓ Keep children and unauthorised persons away from the work area.
- * **DO NOT** use these units for any purpose other than that for which they are designed.
- * **DO NOT** place the units in a damp or wet location or an area where there is condensation.
- * **DO NOT** clean the units with any solvents which may damage the surfaces or the protective coating.
- * **DO NOT** move the units with the drawers out. To avoid tipping, open one drawer at a time and close and secure all drawers whilst moving.
- * **DO NOT** step on the drawers.

2. INTRODUCTION

Multi purpose heavy duty pit cart ideal for use in workshops, garages, job sites, race pits and more where tools and equipment are required away from base. Oversized dimensions make for ultimate ruggedness with 435 x 180mm pneumatic tyres, hydraulic disc braking/parking system and handle bar steering. Two large side lockers with 5 position adjustable shelf but equally suited to accomodating a compressor, welder, Roadstart or other larger items. Seven Heavy Duty ball bearing slide drawers, designed to accomodate our modular tool trays. A stainless steel worktop completes the ruggedness. All drawers and both side lockers can be locked with the turn of a single key (supplied with two identical keys).

3. SPECIFICATION

Model No:..... **APPC07**
 Overall Size (W x D x H): 1850 x 774 x 1224mm
 Medium Drawer Size: (x4): 533 x 398 x 60mm
 Large Drawer Size (x2): 533 x 398 x 130mm
 Xtra-Large Drawer (x1): 533 x 398 x 205mm
 Locker Size (x2): 380 x 580 x 605mm
 Weight: 250kg

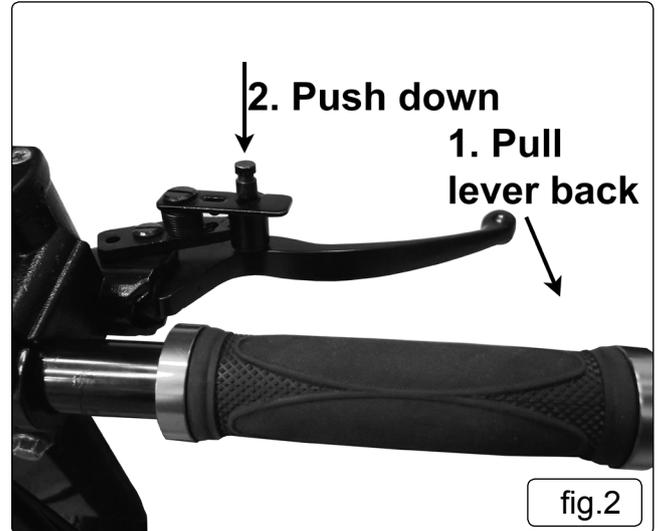

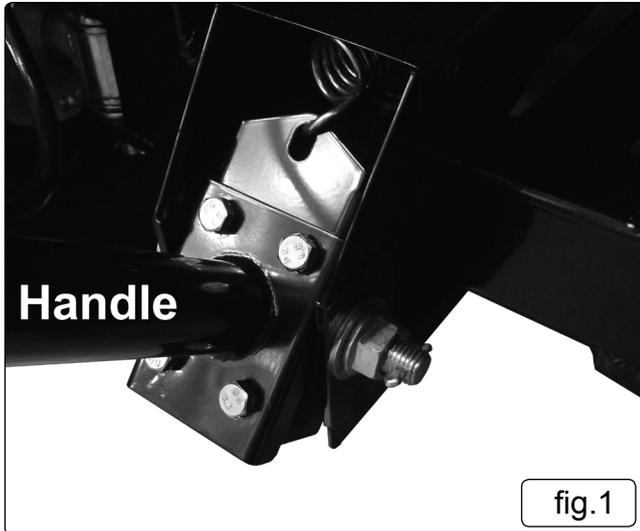

4. ASSEMBLY

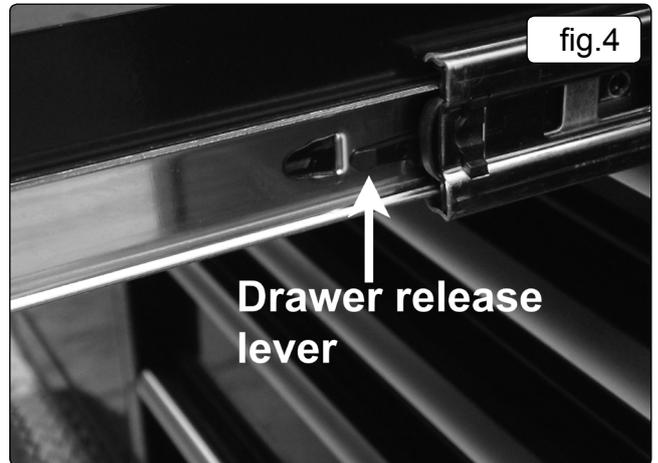

- 4.1. Fit handle assembly to front of cart with four bolts and spring washers. (See fig.1).
- 4.2. Use clips along length of handle shaft to attach hydraulic brake pipe. Ensure that it is not stretched when handle is moved up and down.

5. OPERATION

- 5.1. Handbrake
 - 5.1.1. Pull brake lever towards handle to apply brake. To engage handbrake use index finger to push down lock plunger. Lock mechanism will engage to hold lock plunger down (and handbrake on). (See fig's 2 & 3).
 - 5.1.2. To release handbrake, pull lever slightly, use index finger to pull lock mechanism back to release the plunger.

- 5.2. Drawers
 - 5.2.1. To open the drawers lift the silver trim at the front of each one.
 - 5.2.2. To remove a drawer pull it out and locate the black plastic levers (see fig.4).
 - 5.2.3. Facing the drawer lift one lever up and push one lever down, pull the drawer out.
 - 5.2.4. Replace the drawer by extending the runners from the cabinet, engage the drawer carefully into the runners and push until the locking levers engage.

Environmental Protection

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain off any fluids (if applicable) into approved containers and dispose of the product and the fluids according to local regulations.

NOTE: It is our policy to continually improve products and as such we reserve the right to alter data, specifications and component parts without prior notice.

IMPORTANT: No liability is accepted for incorrect use of this product.

WARRANTY: Guarantee is 12 months from purchase date, proof of which will be required for any claim.
