- 4.1. Extend the headband to maximum "open" position and place the cups over the ears with the headband passing over the head.
- 4.2. Settle the headband in position on the head while adjusting the height of the ear cups until they feel comfortable and the headband rests on top of the head to support the ear defenders.
- 4.3. The cushions should be a snug fit against the head.
- 4.4. The pressure of the ear defenders against the head can also be adjusted by bending the headband thereby ensuring an effective noise seal.

5. MAINTENANCE

- 5.1. The ear defenders should be disinfected every three months, according to use. Any part of the ear defender which comes into contact with the wearer should be disinfected.
- 5.2. Keep the ear defenders as clean as possible, washing in warm soapy water is recommended. Do not use organic solvents or alcohol for cleaning.
- 5.3. When not in use it is recommended to store the ear defenders in a clean, dry environment for optimum protection.

Environmental Protection

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, dispose of it according to local regulations.

NOTE: It is our policy to improve products continually and as such we reserve the right to alter data, specifications and component parts without prior notice.

IMPORTANT: No liability is accepted for incorrect use of this product.

WARRANTY: Guarantee is 12 months from purchase date, proof of which will be required for any claim.
