Wear eye protection

## 1. SAFETY

- WARNING!** Ensure all Health and Safety, local authority, and general workshop practice regulations are strictly adhered to when using tools.
- DO NOT** use tools if damaged or worn.
- Maintain the tools in good and clean condition for best and safest performance.
- Ensure all threads are clean and well lubricated.
- Ensure that a vehicle which is jacked up is adequately supported with axle stands, ramps, etc. as appropriate.
- Wear suitable clothing to avoid snagging. **DO NOT** wear jewellery. Tie back long hair.
- Wear approved eye protection. A full range of personal safety equipment is available from your Sealey stockist.
- Account for all tools and parts being used and do not leave them in or on the vehicle.
- Store all parts in the case provided when not in use, store case in a safe, dry and child-proof location.
- WARNING!** The warnings, cautions and instructions discussed in this document cannot cover all possible conditions and situations that occur. It must be understood that common sense and caution are factors which cannot be built into this product, but must be applied by the operator.

**IMPORTANT:** Always refer to the vehicle manufacturer's service instructions, or proprietary manual, to establish the correct procedure and data. These instructions for use are provided as a guide only.

## 2. INTRODUCTION

Comprehensive kit full of adaptors suits a wide range of vehicle applications. Suitable for both push-back and wind-back brake pistons. Includes left and right-handed thrust bolt assemblies for precise control. Left-handed thrust bolt required for Citroen, Ford and Renault applications. Adaptor plates with thrust bolt assembly and reaction plate ensure accurate fit. Kit helps protect pistons and seals during service. Supplied in a durable case with EVA insert for organised protection.

## 3. SPECIFICATION

Model No:	<b>VS0287.V3</b>
Nett Weight:	5.7kg
Applications:	Alfa Romeo, Audi, BMW, Citroen, Fiat, Ford, Honda, Jaguar, Lancia, Lincoln, Mazda, Mitsubishi, Nissan, Peugeot, Proton, Renault, Rover, Saab, Seat, Subaru, Toyota, Vauxhall/Opel, Volvo and VW.

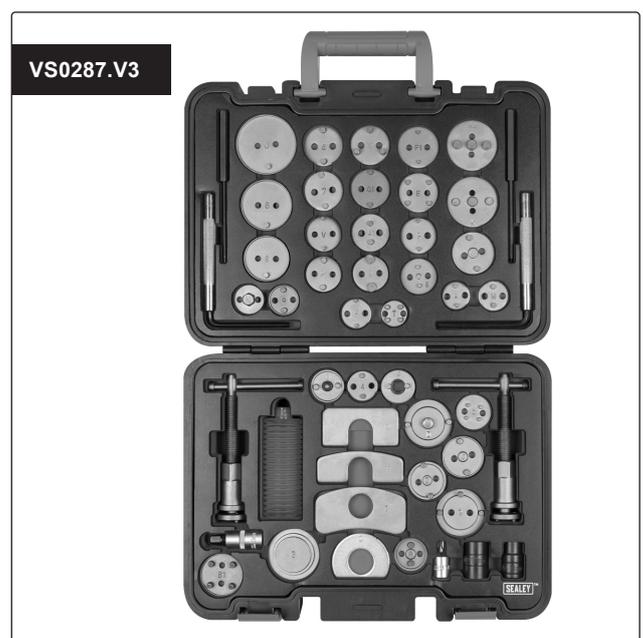

- Parts are available.

## 4. MAINTENANCE

- 4.1. To ensure long-lasting performance, clean the tools after each use to remove dirt, grease, and brake fluid, and dry them thoroughly to prevent rust. Inspect all components regularly for wear, damage, or corrosion, and avoid using any damaged parts. Lightly lubricate moving or threaded parts to maintain smooth operation, but wipe off excess oil before use. Store the kit in a dry, clean place, keeping all pieces in their designated compartments, and avoid exposure to moisture or extreme temperatures. Proper care will help maintain tool performance and ensure safe operation.

## 5. END OF LIFE / DISPOSAL

- 5.1. When the tools reach the end of their useful life or are damaged beyond repair, **DO NOT** continue to use them. Dispose of metal parts in accordance with local recycling regulations, and ensure any packaging materials are recycled or disposed of responsibly. Avoid throwing tools in general household waste to prevent environmental harm or injury.

**ENVIRONMENT PROTECTION**

Recycle unwanted materials instead of disposing of them as waste. All tools, accessories and packaging should be sorted, taken to a recycling centre and disposed of in a manner which is compatible with the environment. When the product becomes completely unserviceable and requires disposal, drain any fluids (if applicable) into approved containers and dispose of the product and fluids according to local regulations.
